

Rozelle Interchange and Bus Improvements on Victoria Road

Information for people travelling to the Sydney CBD

We are making improvements to Sydney roads, to make it safer and easier for all of us to get around. Try one of our sustainable travel tips to avoid travel delays and enjoy a smoother ride to work.

If you currently drive

Buses have priority on Victoria Road

Shorten your work day, work on the bus while someone else does the driving. You can also save money on petrol and parking. If you live near a ferry wharf, take a ride in on Sydney's most beautiful harbour.

Trip Planner

See how easy it is to make these changes. Use **Trip Planner** to find your best route to the office.

Retime your journey

For a quicker journey, avoid Anzac Bridge 7:30am – 8:30am and 5:30pm – 6:30pm. A small change in timing your journey outside of these hours will make a big reduction in delays. Where possible, schedule in person meetings to start later in the day to allow staff to travel when the network is quieter. Choose Mondays or Tuesdays for anchor days in the office.

If you currently take public transport

Cheaper travel on Fridays!

Metro, train, bus and light rail are 30% cheaper on Fridays. Travel as much as you want and never pay more than \$8.90 on Fridays on metro, train, bus, ferry and light rail.

Download the **Opal app** and turn on travel alerts to keep informed of any changes to your commute.

If you are looking to get active

Ride through Rozelle Parklands to work and enjoy a better day. Cycling and walking creates less carbon emission whilst also improving your overall health. Use the **cycleway finder tool** to locate a cycleway near you.

Get your workout done on the way to work by walking through Rozelle Parklands. Learn more about Rozelle Parklands **here**.
